## IMPORTANT NOTES

### PANTS & SKIRTS:

- Hip and Inseam Measurement are all you need to look at.
- If you order a size that is much bigger than the hip measurement, the pant or skirt may fall off.
- We have included an inch or 2 of extra length to the pants on top of the inseam measurement.

### TOPS & DRESSES WITHOUT ATTACHED LEO:

- Chest, Waist, Hips and Girth are all you need to look at.

### LEOTARDS OR SKIRTED LEOTARDS:

- Girth measurement is very important as this measurement will determine if the body length will fit into leo.
- Use chest waist and hips to help guide your size selection.
- No need to measure Inseam.
- Everyones bodies are different. Some people may have measurements that are all over the size chart. If this is the case, go first off of the girth.
