HOWTO MEASURE YOUR BODY

## IMPORTANT NOTES

PANTS \& SKIRTS:
-Hip and Inseam Measurement are all you need to look at.
-If you order a size that is much bigger than the hip measurement, the pant or skirt may fall off. We have included an inch or 2 of extra length to the pants on top of the inseam measurement.

IOPS \& DRESSES WITHOUT ATTACHED LEO:
Chest, Waist, Hips and Girth are all you need to look at
LeOTARDS OR SKIRTED LEOTARDS:

- Girth measurement is very important as this measurement will determine if the body length will fit into leo

Use chest waist and hips to help guide your size selection.
No need to measure Inseam.
Everyones bodies are different. Some people may have measurements that are all over the size chart. If this is the case, go first off of the girth.
