Team Information:

Categories- We are guests at these events. Teams are placed into categories based on average age and size of the entire team. Teams are ranked silver, gold, high gold, platinum and double platinum based off of their total points. Teams are then ranked in their category and placements are made and announced at the "awards ceremony".

Every team cannot be in first place. We hope everyone goes in with the attitude that "Doing your best is more important than being the best". Sportsmanship must be a priority. We feel that the exposure to other groups will instill a harder work ethic and give dancers something to strive for. After the competition we receive score sheets and feedback cards from the judges- we take their feedback and base our practice plans off of the comments made!
