

Every year, Just For Kix sends out an evaluation form to parents to give their feedback about our dance program. These are just a few of the comments made recently about our program in White Bear Lake:

“I like that they work on technique and getting the body ready to be good dancers. My daughter has a lot of muscle tone from the work done in dance.

I like that everyone is made to feel like they are good dancers.

I like that my daughter doesn't have to look like she is a teenager or adult in the shows.” - *DeAnn, parent of a 2nd grader*

“I think Laurisa is about the most communicative director/owner/teacher I have come across. Her communication about the who, what, when, where, why, & all the extra information she gives to parents & students is terrific. We (as parents & JFK students) never have to wonder where to go, when to go, who is to perform, etc. I love that she is so organized!” - *Tammy, parent of an 8th & 9th grader*

“We adore Just for Kix. Laurisa is amazing. She motivates the kids, keeps them on task, my daughter really enjoys having her for a teacher and really looks up to her. She has so many things to keep track of and she never misses a beat. We are one of many, but she knows my daughter by name and connects and responds quickly when I have questions, she knows who I am when I stop her with a quick question. I honestly don't know how she does all she does and keeps that energy, smile and great attitude. She is the main reason we stay with Just for Kix. I've been asked by family how many times a week they practice because they do so well for being so young (2nd grade) and I tell them once a week. They are usually shocked. My daughter, so far, has enjoyed the song choices and choreography for every performance she's been in since we started at JFK. We are really happy with the whole program. It suits our family well.” - *Amy, parent of a 3rd grader*

“We enjoy the laid back, fun atmosphere and approach to teaching dance. I like that the girls have many opportunities to wear their costumes. I also really appreciate when schedules are given for longer/metro wide performances so we can come when our dancer performs and not for a whole day.” - *Amber, parent of a 2nd grader*

“I like that the environment and schedule is laid back. It's only a 30 min class once per week which is perfect for my 3 year old who's just starting to get acclimated to dance. I also love that the price is affordable and that while the costume was a little expensive, they get to use it all year long.” - *Jennifer, parent of a preschooler*

“It is a fun relaxed place for my children to learn dance and make friendships.” - *Laura, parent of a preschooler, 1st & 2nd grader*

"I like that it isn't high pressure like some other studios." - *Carol, parent of a 9th grader*

"Laurisa is such a positive director and instructor. She is very organized, keeps us well informed and is easy to get in touch with. She also knows how to connect with each dancer and how to encourage them." - *Rachel, parent of a 3rd grader*

"JFK is not stuffy, fussy, conceited, nor is its core value perfection. We chose JFK for its core values. It is perfect for what our family was looking for." - *Lisa, parent of a 4th and 6th grader*

"I love having my daughter participate in dance without all the drama that I perceive as potentially coming with studio dance. I certainly appreciate the modest dance outfits and choreography and not having to go overboard with makeup and hair. Also, you can't beat the affordability of JFK. Laurisa is very good about approaching dance as a sport and encouraging the participants to dance smart and push themselves to grow stronger, more flexible, etc. And my daughter is making good friends, many of whom are from outside her school, which opens up her world socially." - *Barb, parent of a 7th grader*

"It is an encouraging program that uplifts the kids versus being all about competition." - *Colin, parent of a preschooler*
