

Performance and Competition Policy

Please read, sign and return next week.

Just For Kix Dancers and Parents,

Here at Just For Kix we promise to do our best and commit ourselves to let your child enjoy his or hers dance experience. In return, we ask the parents and dancers to make the same commitment.

Some of the best times we have are performing our routines we have work so hard on. Each dancer has learned a certain part in the dance, who to file with and partner with etc. The dancers and Instructors find it really hard to put on a great performance when dancers are missing many classes or a performance. We try to go back and renumber the dance and fill in spots to make the routine the best we can with the number of people we have. For these reasons we have come up with this policy.

1. Dancers that have missed too many practices and are not ready to perform will wait until the next performance or when they are ready. This will be up to the instructor to decide this.
2. Dancers need to attend the practice the week of a performance or competition in order to dance in that event. In the event your spring break and you have a family vacation planned or a school function that is mandatory for you to attend. This information must be brought to the instructor's attention well in advance. (The Instructor and Rachel will determine exception.)
3. Dance accounts for class fees, performances and competitions must be up to date in order to perform.
4. If you know in advance that you are unable to attend performances due to vacation etc. Please inform the instructor right away. Your child may be asked to dance on the side a class or two classes before the performance to allow the other dancers to know their new spots etc.
5. If your child is sick the day of a performance please let us know right away.

I feel dancers and parents that faithfully attend the practices will greatly appreciate this policy.

Each dancer and parent needs to sign this form and return it to class.
