

**PICTURE NIGHT
APRIL 11TH & 13TH**

-Class pictures are scheduled for Tuesday April 11th and Thursday April 13th. Picture order forms/envelopes will be passed out in class this week with arrival times on them! I am concerned about the space at Kidskornr and how things will "flow". We are unable to use the classrooms (they are off limits). Please do not bring extra items or family members (siblings) in the building for pictures. I have used this photographer for the past 6 years and he is awesome! Things run QUICK. In the past we have gotten classes of 26 dancers in and out in 15-20 minutes!

-There are individual order forms for each class. You can write one check per dancer, just write the check number on each envelope. There will be separate buddy/sibling envelopes available at class this week.

-We will be taping off the side area by the stairs and having dancers who are in multiple classes change back there. We will also have individual changing tents for use.

-When dancers arrive we ask that they set all of their belongings in the hallway and enter through the gym doors by the bathrooms. There will be a table set up and a RTAMM staff member will be taking envelopes and your dancer can pick out a "pose number". Once your dancer has a pose number picked out they can head into the gym. We will have two photographers taking individual pictures and one taking group pictures. When you arrive, take your individual picture right away! We will take the group picture 10 minutes after the arrival time for the specific class. After the team photo, if your dancer is in other classes she will change and take her individual for that class. If she is done for the evening she will be free to go after the group shot!

-Dancers are free to do their hair and make up however they would like! I just ask that they look "nice". If the class has a hairpiece your dancer does not need to wear it for pictures if they choose to wear their hair down.
