

# SDS COMPETITION

## Apple Valley

### April 5th & 6th

**Music Check:** It is dancers responsibly to check their music on the iPads prior to their performance. I recommend doing this right away when they arrive. If music is not correct, it is important for them to notify the chute staff member ASAP.

**Practice Space:** Dancers can use the hallways to stretch/practice. There is no official practice location for SDS. Dancers are responsible for warming up, stretching, and running through routines on their own.

**Back Stage:** Dancers should enter back stage 4-5 routine numbers prior to their performance. The chute staff (Coach Macy) will check them in when they arrive and will tell them when to take the floor. Macy will be running the chute and sending our dancers out on the stage this weekend!

**Awards:** If your dancer will not be present for awards please find a SDS dancer to attend in their place

**Routine Numbers:** Please make sure your dancer knows their routine number. They will need this for performance order and for awards. When we receive the FINAL schedule we will send out routine numbers to the remind text.

**Changes:** Always compare our schedule to the master at the event. Sometimes SDS routine numbers change due to drops.
