Since we only had 2 weeks in August, do I need to pay for September?

YES - September fees have billed in! Our dance season is 36 practices **GUARANTEED** (no matter if there's 2 practices in a month or 10). These 36 practices are split in 9 **EQUAL** monthly payments August through April, no MAY Payments this year!

Are there any registration deadlines?

Not necessarily - registering early for your classes helps us **TREMENDOUSLY** in planning. On the back end of each class is hiring a Coach/Assistant Coach, choosing choreography best for that class, lesson planning, etc. If you're waiting until the last minute to register, we may have already adjusted our schedule, combined ages, made changes to better fit those registered and better suit our Coaches schedules. **DON'T WAIT!** It's best to register **AT MINIMUM**, a week before that class begins - but the earlier you can register, the better!

FAQs:

Can I have my dancer try a different style before signing up?

YES - if that style is new to your dancer, absolutely they can try a class before signing up. I recommend trying at least a month of a new style. Or try a special session of that style.

Scan this QR code and join!

Are there any cancellation fees?

NO - we do not penalize for cancelling your registration, whether it was your decision or we had to cancel a class. The only fee that is non-refundable is the registration fee. The registration fee (\$20) is an annual fee billed each summer. It is good for all classes in the current season.

When are uniform orders due and how do I do that?

Can a Coach help me?

Uniform orders are due **September 15th**. All the step by step info for ordering uniforms can be found in the Hastings Just For Kix 2023-24 Info packet. You can also find this on our website under Newsletters. Any Coach is happy to help you size your dancer. We'll follow the size guides provided to you on our website and on our program Band.

How long do uniforms take to come in?

It depends. Uniforms that were ordered before June are coming in quick! Orders made after that are batched in uniform groups by uniform type. Example: Uniform A is being produced and shipped out so all orders made before that happened, will be fulfilled. All orders made after, will be fulfilled with the next batch. Most of our uniforms will be coming in October/November. Shoes are a 1-2 week turn around so order those right away so your dancer can practice in them! With our Winter Show in January, we have plenty of time for any returns or exchanges.
